Our Strategic Plan 2023-2027

AISWA has been the foundation of our strong Independent education sector for over 60 years. We have guided and advised our members by delivering financial governance, training and programs that support diversity in education.

We are focused on building upon this legacy to transform AISWA into a modern dynamic organisation that meets the changing needs of our members. We are identifying areas of growth, understanding the needs of our members, and strongly advocating for our sector. As an advocate for diversity and choice in education, our purpose is to provide leadership and serve our member schools, ensuring that young people in Western Australia thrive.
