EALD Journeys in Secondary Schools Across WA

Description

The journeys of EAL/D students can be as diverse and complex as the linguistic and cultural experiences that students bring with them to the classroom. In this workshop, we will explore various EALD student journeys and discuss how we, as teachers and education support staff, can best cater to the needs of students across a range of secondary school settings.

This workshop is hosted by AISWA and brings together a wide range of speakers from all education sectors, providing opportunities for collaboration and networking.

Details

Date: Tuesday, 28 Nov 2023

Time: 08:30 - 16:00
