

How can we engage families? Coaching Strategies for Family Centred Early Intervention

Wednesday 13th July 2016

5:30pm—7.30pm

Telethon Speech & Hearing

Tomasi Room, Bendat Parent and Community Centre

36 Dodd Street, Wembley, Perth

A\$92.61/ticket (GST inclusive, Students \$75.45)

Charlotte Wigham (Lead Presenter, Clinical Leader - Speech Pathology, TSH) has worked predominantly in Early Intervention and has extensive experience within a family centred service model and coaching skills.

Bree Harmsen (Co-Presenter, Clinical Leader - Occupational Therapy, TSH) has worked within the disability sector for many years as part of a multi-disciplinary team. Bree has extensive experience with coaching and guiding families in early intervention.

Allied health professionals traditionally focused on teaching children a discrete skill set. Parents/caregivers are now seen as an active implementer of intervention. Coaching skills have therefore become essential for early interventionists to engage families to facilitate their child's development in their daily life. Participants will learn application of coaching skills in early intervention —how to equip families with the skills to embed therapy strategies in their daily life.

To register, go to the following link. Places are limited.
