

## WAMC Kids Marathon

The West Australian Marathon Club joined the national Kids Marathon Series in 2008. It has been a great success and we are looking forward to the Perth Kids Marathon continuing to grow bigger and bigger each year. It has a unique format that allows kids, kindergarten through high school to run a marathon... one kilometre at a time. It will be held in conjunction with the annual Perth Marathon on Sunday 17 June, 2018. All children are encouraged to commence a training program in April/May/June and start logging their kilometres. The aim is to run the first 40km of the marathon distance over a number of weeks in the child's own time, then on marathon day complete the final 2.195km at the 2017 Perth Marathon. This is a great opportunity for children of school age to start an exercise program that will continue over a number of weeks and culminate in the completion of a "marathon".

## How to Run Your Marathon

Find a safe place to run. Walk or run 40km in the 8 weeks leading up to 17 June. Use the training schedule to help plan your runs. Come to the Perth Marathon on Sunday 17 June 2018 to run the final 2.195km of your marathon. "FINISHING IS WINNING..... WINNING IS FINISHING"

## Training Schedule

If you can only run a little, keep trying. If you run more than a kilometre a day, great! If you play a lot of sport where you run a lot, this may be easy. Just remember to space your workouts so you are prepared to run the final distance on marathon day. Early completion of the program is not recommended. The schedule below leaves Saturdays and Sundays available for catch up days or to give you a rest day. It is important to keep track of your progress toward your goal. As you complete each kilometre mark it off on your Kilometre Countdown Chart. This is only a recommended schedule and you may choose to start your "marathon" earlier or later than the dates above...but don't try to do too much too close to marathon day!

**Every Monday to Friday run 1km a day = 5km a week.  
Commencing Monday 23 April.
