

Growing Up Greatness

Creating schools and classrooms that meet the diverse learning needs of all students.

Differentiation – Part 1 of 2

Differentiating the curriculum for students of all abilities.

Thursday 11th August 2016

3.45pm – 5.15pm (sign-in from 3.30pm)

Ballajura Community College, Illawarra Crescent, Ballajura

Differentiation or personalised learning is a vital skill for all teachers in any Australian classroom, where the range of student abilities, interests and needs are so varied, including students with disability and those who may be gifted and/or talented. This workshop will examine the key elements of making differentiation work in a diverse-ability classroom, including considering the role of assessment, thinking skills, questioning and responsive teaching. Parts 1 and 2 in this workshop series are linked, however participants may choose to complete only one.

Kylie Bice is an experienced **Education Consultant** specialising in gifted education, differentiation, thinking skills, and educating diverse student groups. Kylie was previously the Senior Inclusive and Gifted Education Consultant at the Association of Independent Schools of WA, and has many years of experience working with gifted and talented students in government and non-government schools in Western Australia. Kylie is an engaging presenter who has delivered professional learning to a range of audiences, schools, national and international gifted education conferences.

Creating schools and classrooms that meet the diverse learning needs of all students.

Differentiation – Part 2 of 2

Planning differentiation to challenge gifted learners.

Wednesday 2nd November 2016

3.45pm – 5.15pm (sign-in from 3.30pm)

Ballajura Community College, Illawarra Crescent, Ballajura

This professional learning is designed to give teachers increased understanding of the intellectual learning needs of gifted and talented students, and confidence in order to design differentiated and challenging learning experiences. Teachers will explore the implications of Passow's Rule, and examine options such as compaction, high order thinking and William's strategies in order to provide appropriate challenge for gifted and talented learners. Parts 1 and 2 in this workshop series are linked, however participants may choose to attend Part 2 without having completed Part 1.
