Come and meet the Gifted WA Committee! This is an afternoon open for parents, teachers and other professionals. There will be tea, coffee and refreshments available.

We are an association located in Perth, Western Australia. We are affiliated with the AAEGT (Australian Association for the Education of the Gifted & Talented), and committed to advocating for the rights of young people at a state and national level in order to facilitate their social, emotional and academic development. Dr Peter Merrotsy, Jenny Burton, Clare Magee, Kylie Bice, Matthew Kameron and Dr Kate Burton are the founding members of Gifted WA and together we represent the various areas of education, research and family support that relate to giftedness. We would love to meet you and work together to further highlight gifted education in WA.
