Highly acclaimed teaching and research staff from Murdoch University and UWA will again deliver the latest science and content specific to the teaching of ATAR Physical Education Studies. Concepts will be presented through a **TENNIS** context and will be the focus of the presentations. The program and the registration forms are attached. Materials and catering for the day will be provided.

The PESTA Chairperson will open the seminar by acknowledging teachers and students who have received the 2018 Top Schools listing, Certificates of Distinction and the Course Exhibition. An evaluation of the 2018 external examination questions will also be presented.

Participants are asked to prepare for outdoor tennis activity and indoor lecture/workshops.

The PESTA website provides additional information regarding the 2019 PES PD, PESTA's aims, activities and resources. www.pesta.com.au
