Register today to secure your place!

Ticketing closes August 31 unless sold out prior. Registrants will be eligible to collect CPD points upon attending this event.

A FREE professional development night for Allied Health Professionals and Early Childhood Educators.

### WITH SPECIAL PRESENTATIONS FROM:

**Dr. Tim Cooney** (MBBS(Hon), FRACS)  
Ear Nose Throat Specialist

Common childhood ear diseases and the surgical interventions available, including appropriate ENT referral criteria.

**Philippa Hatch** (MClinical Audiology, GradDipEducation)  
Head of Hearing Services, Telethon Speech & Hearing

Targeted focus on common ear issues including otitis media along with a discussion on audiology testing techniques based on various age demographics.

**Josie Sullivan** (MEducation)  
Teacher of the Deaf, Telethon Speech & Hearing

Outlining the role of a Teacher of the Deaf, how they support teachers to understand how each individual student is impacted by their hearing loss and effective teaching strategies for the classroom environment. Noise levels, assistive hearing devices in a classroom setting and listener fatigue will also be discussed.

Q&A session available after presentations. Have your queries answered by our expert panel! View the full schedule online:
