enabling excellence in education.

Welcome to the 2026 AISWA Professional Learning Calendar

It is a pleasure to share the 2026 AISWA Professional Learning Calendar, created to inspire professional growth, collaboration, and connection for all those involved in the Western Australian Independent school community.

This calendar is shaped by AISWA's five core pillars, Curriculum and School Improvement, Leadership, Governance and Business Operations, School and Student Support, and Technology and Learning Innovation, reflecting our commitment to delivering professional learning that is practical, relevant, and responsive to member needs across the state.

Throughout the year, you will find expanded opportunities to connect and collaborate through new conferences, events, and targeted programs that strengthen professional communities and support excellence in Independent schools.

Thank you for your ongoing partnership. We look forward to another year of learning and leading together to create a brighter future for all children in Western Australia.

Chris Massey
EXECUTIVE DIRECTOR

Acknowledgement of Country

AISWA respectfully acknowledges the traditional custodians of the land on which we operate, the Wadjak people of the Noongar nation. We pay our respects to Aboriginal Elders past, present, and emerging, as the Traditional Owners of the lands across Australia and acknowledge their continued connection to the land, waters, and community.

We recognise that a strong and mutually beneficial relationship with Traditional Owners is essential to our success and to the benefit of our community. In all our actions, we commit to fostering cultural awareness and working collaboratively towards a shared future of reconciliation, respect, and prosperity.

About Us

The Association of Independent Schools of Western Australia (AISWA) was established in 1962 as a non-profit organisation to support, represent and promote the interests of Independent schools in WA.

Represented by AISWA, the Independent school sector comprises of over 165 schools with more than 90,000 students and a workforce of 14,000, accounting for just over 18 percent of all school enrolments in Western Australia.

Our schools are diverse in geography, demography, faith, culture and educational philosophy: from remote Aboriginal schools to metropolitan boarding schools and schools catering to different faiths and pedagogies.

AISWA's mission is to lead, serve, represent and advocate for the WA Independent school sector.
