

An Introduction to Using iPads in the Classroom

NB: A similar AISWA workshop for users of Windows 8 tablets is advertised for 20 February

This would be a useful workshop to build capacity and confidence in any teachers who will be using iPads for the first time in a classroom environment.

Agenda:

- The basics of using an iPad, navigating your way around the device
- Using the App Store and where to find resources
- Playtime with some useful generic apps, getting used to iPad icons
- Free vs paid apps – how to choose the best apps for your purpose
- Customising the iPads, how to create “restrictions”
- Managing students on iPads
- Leveraging the mobility and engagement factors
- About “the cloud” and how it could be used

Target AITSL Standards:

- Standard 3.4: Plan for and implement effective teaching (select and use ICT resources)
- Standard 4.5: Create/maintain supportive and safe environments (using ICT resources)
- Standard 6.2: Engage in PL (update knowledge and practice to target new priorities)
