HOT BYTES

Semester One 2015
TASTING PLATE MENU
Try something new … with our compliments!

Join these **informal after-school sessions** on Wednesdays to **try a taste of something new** in technology. Each of these **FREE practical sessions** will introduce you to **introductory level skills** and new ways to spice up your classroom repertoire. BYO devices or use our equipment.

Register through the AISWA website for a record of your PL hours @ www.ais.wa.edu.au and enter the CN number. Contact Peter pcrosbie@ais.wa.edu.au, Paul pmoro@ais.wa.edu.au or Jan jclarke@ais.wa.edu.au for more information.

Term 1	Code	A Taste of…	Flavour
04 March	CN10089	Lego Mindstorms	Robotics, programming
11 March	CN10096	Scootle Collaborative Activities	Online collaboration
18 March	CN10098	Aurasma	Augmented reality, getting mobile
25 March	CN10090	3D Scanning	3D Imaging, modelling & animation
01 April	CN10099	BeeBots & Probots	Robotics, programming (Primary)

Term 2	Code	A Taste of…	Flavour
29 April	CN10091	3D Printing	3D Modelling, engineering & creativity
06 May	CN10100	Stop Motion Animation	Multimodal texts (ICT Gen Caps)
13 May	CN10092	Arduino	Programming, robotics, mechatronics
20 May	CN10101	Green Screening	Multimodal texts, video effects
27 May	CN10093	Raspberry PI	Creative computing, programming
10 June	CN10102	ADOBE Presenter	Video, flipping classrooms
17 June	CN10094	3D Scanning	3D Imaging, modelling & animation
24 June	CN10103	ADOBE Captivate	Video, flipping classrooms
01 July	CN10104	KidBlog	Online communication

All Hot Bytes sessions are 2 hours accredited PL and will *at least* target AITSL Professional Standards:
- 2.6: Know the content and how to teach it (with an ICT focus)
- 3.4: Plan for and implement effective teaching (select and use ICT resources)
- 6.2: Engage in PL (update knowledge and practice to target new priorities)

Wednesdays 4 - 6pm
at the new AISWA
"TechHub"
1st Floor, 41 Walters Drive, Osborne Park
