

# Yr 11 and 12 ATAR Languages Collaboration Days 2019

Cross-sector collaborative workshops will be offered again for teachers of Yr 11 & 12 ATAR Second Language courses. By participating, teachers will join a professional learning network that has been collecting, creating and sharing teaching resources since 2015. New teachers of the ATAR courses and small group moderation partners are strongly encouraged to participate.

The half-day workshops run from 8.30am - 12.30pm and this year will focus on:

- Text types listed in the syllabus
- Renewing the collection of raw texts to include more up-to-date written, aural & visual texts
- Creating and sharing a new response task

Participants can opt to stay from 12.30pm - 3.30pm to collaborate further with their small group moderation partners or work independently. Please provide your own lunch.
