

## Registrations now open - David Price OBE - Perth, May 2023

### The Power of Us - How We Connect, Act and Innovate Together

The Power Of Us combines the mindset, operating systems, leadership and culture of high-performing organisations, to create great places to work, and new ways to learn. David Price spent 3 years, travelling the world, studying over 40 organisations, and described what he'd learned in his best-selling book - The Power of Us. And then the pandemic struck, and he rewrote the entire book! What happened during COVID, showed how communities now outperform bureaucracies, and how we all can create a culture of 'people-powered innovation'.

**AISWA and The Studio School are hosting two events for educational leaders and interested community members, led by author and education provocateur, David Price OBE.**

**Register for one or both events for your school leadership team to reserve your place.**
