

## **Relieving Principal – Yiramalay Studio School**

### **About Studio Schools of Australia Ltd**

Studio Schools of Australia (SSA) was established in 2019 to bring about a “system” level change in secondary education for Indigenous students in remote communities across northern Australia. This “system level” reform is based on well-established evidence of what works for Indigenous students, their families and communities, in a scalable, proven work-related model of education introduced at the Yiramalay / Wesley Studio School in the Kimberley, Western Australia, in 2010.

SSA’s mission is to enable Indigenous students to lead their own advancement and to take a valuable and meaningful place in their own communities and within Australia.

SSA is committed to being a child safe environment, and we actively promote the safety and wellbeing of all students. All staff are committed to protecting students from abuse or harm in the school environment.
